Further Rumors about Impeachment

WASHINGTON, May 10.—What the result of the impeachment trial will be is mere speculation. Senators still preserve a studied silence as to how they will vote on the question. The friends and opponents of conviction outside of the Senate are alternately depressed and elated. Betting continues to be made.
CHICAGO, May 10.—The *Republican's* Washington special states that the feeling has become quite strong that the President would send in his resignation to-morrow. General Grant stated that from what he knew the President intended to evade conviction by resigning at the last moment.
NEW YORK, May 8.—A special to the *Sun* says Senator Fessenden intimated to day that he would probably vote for the second article, and expressly stated, without any reserve, that his written opinion was only adverse to the first article, as he considers the President has power under the Constitution to make removals but not to fill such vacancies when the Senate is in session.
General Schenck has received a dispatch from Florida, saying the Constitution has been ratified and the legislature is Republican.

Another "Herald" Hoax.

NEW YORK, May 9.—The *Herald's* special says a project is on foot for the removal of Johnson and the arrest and trial of General Lee for treason and murder. It is expected that General Grant will resent such violation of the terms of the parole as a personal insult. The arrest is to be backed by Wade and other Republicans to defeat Grant's chance to be President. The plot is supposed to have been concocted by Butler and Stevens.

Illinois Union Convention.

CHICAGO, May 8.—The Republican State Convention met at Peoria to day and made the following nominations: For Governor, Gen John M. Palmer; Lieut. Governor, Col. John Dougherty; for Congress at large, Gen. J. ... A. Logan; for Secretary of State, Edward Rummell; for State Auditor, Gen. Charles E. Lippencott; for State Treasurer, Gen. E. N. Bates; for Attorney General, Washington Bushnell.
The resolutions sustain Congress and condemn the policy of President Johnson, denounce all forms of repudiation as great crimes, insist upon the payment of the national debt in the utmost good faith to all creditors at home and abroad.

Texas Constitutional Convention

NEW ORLEANS, May 6.—Gen. Buchanan has ordered the Texan Constitutional Convention to assemble June 1st instead of the 15th, as at first ordered.

Illinois Congressional Nominations.

CHICAGO, May 7.—E. C. Ingersoll, S. M. Cullom and John F. Farnsworth were renominated for Congress in their respective Districts.

Florida Constitution Ratified

WASHINGTON, May 9.—General Meade telegraphs General Grant that the Constitution of Florida is probably ratified by 1000 majority.

Diplomatic Correspondence.

The Secretary of State has received from the British Minister at Washington the following:
H. B. M. Legation, Washington, May 9, 1868.—Mr. Seward—I give you a copy of a telegram which I have just received from Lord Stanley: "Nagle, Nugent, Leonard and Fitzgibbon having signed a document acknowledging that they came in the *Jacknell*, and expressing regret at so doing, have been set free and were to sail yesterday for America." Sincerely yours,
[Signed] EDWARD THORNTON.
Seward replied as follows:
Department of State, Washington, May 9, 1868. My Dear Mr. Thornton—I thank you for the pleasing information you have given me of the release of the so-called Fenian prisoners, Nagle, Nugent, Leonard and Fitzgibbon. Very respectfully yours,
W. H. SEWARD

Speech of Col. Gates, at the Dalles

On Thursday last Col. N. H. Gates made a speech at the Dalles in reply to a speech delivered the evening before by Col. Kelly. Every word of Gates' speech was like a stone from a sling going through and through the glass house occupied by Kelly and Humason. The *Mountaineer* reports the material portion of the speech as follows:

* * * * The Salem platform of the winter of 1857-8, adopted upon the theory that the persons who participated in primary meetings, and then refusing to vote for the candidates of the party nominations, were not in good standing; that all persons who had voted for the party nominations at the previous general election were entitled to a voice in the precinct meetings, and none others; that delegates chosen by Democratic precinct meetings were entitled to a voice in the county conventions; and the delegates chosen should be admitted to seats and have a voice in the State Convention—from this doctrine Col. Kelly dissented, and, in February, 1858, got up a new organization and a new party called "National," and a large portion of the Democrats of the State claimed then that National was a bastard, base corn, and that if the doctrine urged by the Colonel, and his associates, was to prevail, the tendency would be to disorganize the party by opening the doors of primary meetings to our political enemies, and allow them to choose precinct delegates of their own political creed and defeat the party at any time they saw fit, and that the only safety Democrats had was to exclude from the precinct meetings all of doubtful Democracy. Upon this clause to exclude persons, the main issue was formed, the battle fought—the Colonel at the head of his clan and Mr. Grover at the head of the Democracy of the State, and the Colonel was defeated, slain in battle. The contest being over, Democrats have always claimed the fruits of war, which was that a strict organization of the party meant that in precincts, counties and State conventions none but Democrats could take part. Now, on the ... of March a convention was called, loosely it is true, but enough of Democracy being discernable I, with others, went to West Dalles precinct meeting, and, instead of the call made by the County Committee for Democratic voters, which means voters holding to certain political doctrines, the persons there chose to ignore the call made to only Democrats, and to form a grand mass meeting without regard to politics, party doctrine or former political associations, all were invited who would pledge themselves, or were opposed to the Radical Congress, in favor of equal taxation, and would support the Democratic nominees of the county and State conventions. That being the views of a large majority of those present the Democrats then present being loth to cause a division or dissension, stayed and voted, which was not in good taste nor dictated by sound principles of former party doctrine, but being desirous to see if harmony could not be had, and for fear they would be charged with trying to breed discord for no good cause, they stayed and voted—some forty—but they were all defeated. Col. Kelly and Victor Trevitt being about all the Democracy apparent to the naked eye that obtained distinction by the motley crew such men as Morg. Davis, Riley Dorsey, Bill Snooks and some twenty or more of the same ilk are in ... entitled to vote than a Chinaman, whose residence of one day had attracted the attention of the office seekers of our town whose claims were founded solely upon intrigue and having belonged to almost every political party ever formed in North America.

Now, this state of affairs being presented to Democrats the question was to be decided by them to either let the election go by default and let this new run of shad elect their ticket, under the name of Democratic party, to appropriate all the glory, all the renown, all the good name and honesty, prestige and love, and veneration of the old Democratic party to themselves, and the old, tried and true Democrats step out in the cold, to be gazed at and receive the very polite political rebuke of Copperhead, Traitor, Secessionist and Southern sympathiser, that had been so lavishly heaped upon us but a few years since by some of the identical same persons whose complicity and engineering had despoiled us of all we had gained for the last four years of toil and vigilance. The same light fingered gentry who had just stolen our good name and party organization, and who had declared their purpose to force the issue of War and Anti war Democrats, names frequently applied to designate complexions or grades of parties. I, as one, was willing to let rest, to cover up, and never mention at any time or for any purpose, if it could be done without a sacrifice of principle and without acknowledging that I had been wrong in opposing, by my voice, the ruinous and unnecessary war that has just closed, and has led to the present deplorable situation that our Southern fellow citizens now occupy.

Colonel Kelly seems to have failed to profit by the sad lessons of experience that he has been taught in political machinery and organization. He now stands precisely where he stood when he was following in the wake of a delusion called "National" with a little bell and red flag, beating up for votes for his new party doctrine, founded upon the identical same heresy that he helped to adopt at our last primary meeting in West Dalles precinct, on the 5th of March last, and also appears to be perfectly blind as to the meaning of his own teaching, or the office the offspring of his delusion is to perform in the mature years of its existence. He claims that a political record is unnecessary to be observed, that all are to be treated alike—the convert of to-day or to-morrow are alike entitled to party confidence with those of a life long devotion to the principles of the party; yet the Colonel would have you believe that those Democrats who now refuse to support his favorites now before the people of Wasco county, shall hereafter be visited with condign punishment by political excommunication and be doomed to everlasting darkness in the camp of Black Republicanism. What a change! His way yet the ... he is inconsistent. * * * *

The election of two years ago was won by a false submission to party prostitution. The Representatives from this county were both under stood to be pledged to support James W. Nesmith for United States Senator. The whole of the strength of our Representatives was exhausted and lost to our county because of the favor of that individual, not that the Democrats of Oregon recognised in him an exponent of their principles, but, that by taking him to the exclusion of better men, we could gain strength from the enemies of the Democratic party, that we could regain those renegades who had left us in time of need, who had done all the deviltry they could. After they had created all the ruin, all the discord they could, then they are desirous to help defeat their former associates in iniquity and help swell the cry of "mad dog," claiming to be the Simon-pure Democrats. Why don't you remember the bombastic speech made by Senator Nesmith, just before the death of Mr. Lincoln upon the subject of complaint being made that very many innocent persons were then languishing in political bastiles, and that they should be released? This inquiry was made by some good souled Republican who had yet remaining some slight touch of humanity, who had with sorrow expressed in word and deed a ought to bring this wrong to light, and who was rebuked by our now good Democratic ex Senator Nesmith by the impolitic declaration that he only regretted that more arrests had not been made of the same sort, and that instead of extending mercy to those then rotting in the bastiles of tyranny, by a trial, more should be shoved in. This is the style of modern Democracy. I ask Colonel Kelly and his political bantlings to go down South, go behold the charred remains of towns, cities, farms and residences, go behold the squalid inhabitants that stalk abroad at noon-day, call upon the helpless victims of tyranny, ask them the cause of the wide spread wretchedness that meets your eyes there. Call upon that poor old grandmother with her thin white and disheveled hair, her pallid and bleached cheek, her trembling limbs as she supports her ancient form, ask her for the author of her woe, she will point her long, slender and bony fingers and inform you that her ruin was caused by some one of the renegade Democrats. Prevail upon that timid and forlorn widowed mother as she tries to shelter her best beloved and most tender offspring from the chilling blast, ask her for the cause of her wretchedness, she too will tell you that Phil. Sheridan or W. T. Sherman, Ben Butler, John Logan or some one of the renegade Democrats is the author of all her poverty. Stop that bevy of children in their tattered and torn garments, in their bare and bleeding feet, their thin white hair streaming in the wind as they flee from hut to hovel in quest of food, ask them the cause of their pitiable and helpless condition, they too will tell you, Col. Kelly, that your Democratic associates are the main cause of their being helpless orphans, doomed to a life of poverty. No, Colonel Kelly, when you follow the lead of such men or pander to their desires for office and that too at the expense of party principles and party organization, I am not with you, I am not of you.

FROM IDAHO.

There is a plentiful crop of grass hoppers coming on in the Boise and Payette valleys. They threaten great havoc.

The body of a man supposed to be Edward Burzhel was found a few days ago on the mountain between Placerville and Payette valley. A pistol ball had pierced the skull. He had undoubtedly been murdered for his money. He had been missing since last August.

A gentleman recently arrived from Camp Harney says that the Indians have stolen sixty head of horses from Gen. Crook, on Dunder and Blixen creek.

A great mining enterprise, headed by G. Collier Robbins has been originated at Silver City. The sum of $110,000 has already been subscribed to the work. It is intended to work several valuable ledes on War Eagle Mountain.

How It Came About

Nearly all the opposition which the Union party encounters is directed against the reconstruction measures adopted by Congress and approved by that party. The fundamental doctrines of the reconstruction policy which the Union party has framed are absolutely unassailable. These doctrines are all found in the proposed fourteenth amendment to the Constitution and are familiar to the public mind. To secure the adoption of the principles enunciated in the proposed amendment it was found necessary to enact equal suffrage in the rebel States. Against this measure, which has been resorted to as a means and not as an end, the united opposition of the "Democratic" party is directed. Thus it appears that they are not directly assailing the fundamental principles of the reconstruction policy of Congress but are merely combatting a measure which is an incident of that policy. In 1866 they made a fight against the proposed amendment and were discomfited by the most astonishing majorities; and now they undertake to renew the contest, not by openly attacking the principles which the Union party desire to establish and maintain, but by directing their whole opposition against the *method* which that party is employing to establish and secure them. Having learned a lesson by the experience of defeat, they do not protest directly against the principles embodied in the proposed fourteenth amendment, but attack the act of Congress by which equal suffrage in the rebel States was granted as a means of securing the adoption of this amendment to the Constitution.

Before the passage of this act granting the blacks of the South the elective franchise Congress had been trying for nearly two years to get the rebel States to re-organize on the basis proposed in the fourteenth amendment. But they repulsed every offer. The people of the North had, with unexampled unanimity declared for reconstruction on the principles set forth in that article. By the obduracy of the South it was made a question whether that article on which the loyal States were agreed as a basis of settlement should be suffered to be lost, or whether some other method should be tried to secure its adoption. Congress was inclined to try another method. The reconstruction acts, so-called, were passed. They gave the whites of the South had been offered every opportunity to restore their States to the Union on liberal and equitable terms, but they had refused, and it had become absolutely necessary to call in the aid of another element. They would not reconstruct without negro suffrage, and the elective franchise was conferred on this element as the only means of securing the restoration of the revolted States.

Had it not been for Andrew Johnson's interference with the ruling class and the influence he wielded to induce them to reject that first proposed, those terms would have been accepted. The President used the powers and duties of his office to defeat the adoption of the article of the Constitution. Direct proof of this fact has lately been brought to light by a dispatch from Gov. Parsons intimating a disposition on the part of the Legislature of Alabama to reconsider the vote by which it had previously rejected the pending amendment. Andrew Johnson replied as follows:

WASHINGTON, Jan. 17, 1867
To Lewis E. Parsons, Montgomery, Ala.
What possible good can be attained by reconsidering the Constitutional Amendment? I know of none in the present posture of affairs. I do not believe the people of the whole country will sustain any set of individuals in attempting to change the whole character of our government by an enabling act. I believe on the contrary that they will sustain all who have the patriotism and courage to stand by the constitution, and who place their confidence in the people. There should be no faltering on the part of those who are honest in their determination to sustain the several co-ordinate departments of the government in accordance with the original design.
ANDREW JOHNSON.

With the Executive of the nation engaged in this way to defeat an article of the Constitution embodying principles which were expressed and approved by an overwhelming majority of the loyal people of the country, and apparently to these rebels whose hands were still red with their attempt to destroy the nation to "have the patriotism and courage to stand by the Constitution" as he and they understood it, in this state of affairs what was Congress to do? It was compelled to adopt some method whereby the principles which the loyal people of the country had pronounced for should be established and secured. This Congress did in the reconstruction acts, and the result. By means of these it was expected that the fourteenth article with its just principles, would be secured as the basis of settlement. This is how negro suffrage came about in the South. The result is amply justifying the expectations that was formed. The seceded States are nearly all ready to take their old places in the Union. We shall secure the principles of the fourteenth amendment in spite of the opposition of Andrew Johnson and the antagonism of the Democratic party.

Mr. Logan's Speech

The Union meeting last (Monday) evening at the Court House was a spirited one. About five hundred persons were present. S. J. McCormick ... spoke. Mr. Logan's speech which was received with much applause by the audience. The Union meetings which are held in Portland, and the interest which is manifested in them, indicate an earnestness of purpose which has not been witnessed for years. Every sign shows that the popular tide is setting strongly in favor of Logan.

A Copperhead correspondent east of the mountains writes that in that section the balance ... The correctness of this statement can hardly be doubted, as Ben Hayden, the great boss of the Oregon Democracy is there, for a great ...

"SOCIAL INTERCOURSE WITH THE CHINESE."—The Marysville (Cal.) *Appeal*, in speaking of the grand Chinese banquet at San Francisco, which was presided over by Gov. Haight—who was aided to his present position through prejudice created by him and his partisans against the people whose representatives he now hobnobs and toasts—says: "Nine months ago Governor Haight and other Democratic speakers were traversing the State denouncing the Chinese as a set of brutes whose presence ... The prejudices of the ignorant and the jealousies of the intelligent were greatly excited against Chinese immigration and no small advantage inured to the so-called Democratic party from this agitation. The nominee for Governor was placarded as picking a long queued Mongolian up on his back and all the clap trap which partisan ingenuity could devise was improvised to make it appear to the excited and ignorant rabble that the success of Governor Haight would lead to the expulsion of all Chinese laborers from the State and an interdiction of Asiatic immigration to California. Well, H. H. Haight was elected and what do we see? The very man who was chosen as an anti-Coolie Governor, the man bound by a thousand pledges to use his Executive and personal influence to drive out the Chinese already here and prevent further immigration—this man accepts an invitation to preside over a banquet to Chinese Ministers given for no other reason than to break down the barrier between Americans and Asiatics and lead to increased immigration, closer business relations and a leveling of American labor to that of a Chinaman."

Shall the rebels and Democrats be permitted to have thirty-three members in Congress and thirty-three votes in the Electoral College based on the negro population of the South whom they regard as brutes and undeserving of any rights civil or political? If the blacks are not to have any rights, we are for a strictly white man's government. And we believe the people will repudiate the party which pretends to be in favor of a "white man's government," while at the same time insisting on having this great political power in the Government built upon the "nigger." The question to be settled is: Is the Southern white who has been a rebel against his country to be permitted to vote once for himself and once for the negro, while the Northern man who has always been true to his country has but a single vote? The Democrats take one side of this question and Union men the other.

REDUCTION OF THE DEBT.—During the month of April the national debt was decreased nearly nineteen millions of dollars. Official statements of this kind show how utterly baseless are the assertions of the Copperheads in regard to the debt and the way it is managed. Since September, 1865, the debt has been decreased nearly three hundred millions and the reduction is still going on at a satisfactory rate. Yet with these facts before the people we see every week assertions in the Copperhead prints of Oregon that the debt is continually growing larger.

Washington County Union Convention
HILLSBORO, May 9th 1868

Pursuant to notice the delegates from the several precincts in Washington county met in Convention at the Court House, in Hillsboro, at one o'clock P. Clatsop County Union Convention

Pursuant to notice the Union Convention for Clatsop county assembled at the court house in Astoria at 2 o'clock P. M., on Saturday, the 9th day of May, 1868, and organized by calling Col. R. Spedden to the chair, and selected S. G. Ingalls for Secretary. The committee on credentials reported Col. R. R. Spedden, James Welch by R. R. Spedden proxie, Louis Wilson, David Ingalls, Capt. W. F. Kippen and N. Clinton delegates for Astoria precinct; S. G. Ingalls, Capt. R. Hobson, G. W. Coffinbury and Thomas Goodwin for Clatsop Plains; and S. G. Spear and David Wott by S. G. Spear, proxie, for Westport.

Also, for the joint convention to nominate a candidate for representative for this District, the committee reported Hon. J. McBride and Judge H. M. Watt duly authorized to cast the vote for Columbia county—3 votes; and James Quick, Esq. as authorized to cast the vote for Tillamook county—5 votes.

On motion of G. W. Coffinbury, Esq., it was resolved unanimously that all the delegates in and candidates before the convention pledge themselves to give a cordial and hearty support to all the candidates that shall be nominated by the convention.

Mutual explanations having been made and claims considered at a consultation held in the forenoon the joint convention proceeded to select the county entitled to the Representative, when 17 votes favored Columbia and 8 votes favored Tillamook, so Columbia was conceded the candidate.

W. D. Hoxter of Columbia county was then unanimously nominated for joint representative.

The joint convention then adjourned, and the county convention organized and nominated the county ticket, viz:

Sheriff—...
Clerk—John ...
Assessor—James Taylor
Treasurer—J. L. Parker
Co. Commissioners—D. K. Warren, Wm. Chance
County Supt. of Schools—Rev. D. B. Gray
Surveyor—J. W. Gearhart.
Coroner—N. Clinton
County Committee for the ensuing two years—D. Ingalls, D. E. Pease, J. W. Gearhart, J. Taylor and W. Parker.

The ticket is a good one and a strong one. The convention then adjourned with good assurance of seventy five majority for the whole ticket on the first day of June.

OREGON CENTRAL RAILROAD—EAST SIDE.—We have received a copy of "An address to the People of Oregon, by the Oregon Central R. R. Co., of Salem," from the pages of which we take the following extracts: "The capital stock of the Company is $7,250,000. This being the represented cost of the first 150 miles of the road $5,250,000 of this is common stock, which will be offered for sale at ten cents on the dollar. On payment of ten per cent. for the stock purchased, certificates will be issued as full paid stock, and the word 'non assessable' will be printed on the face of each certificate, to protect the holder from ever being called on to pay any additional amount or assessment.

The actual cost of the road will be $5,250,000, in payment for which First Mortgage Bonds will be issued to the contractors for | $2,400,000
Second Mortgage bonds will be | 2,400,000
And we promise to raise cash | 450,000
| $5,250,000

We have agreed to raise, to be applied on the work as it proceeds, the sum of $3,000 per mile, which we can do by the sale of common stock, at ten cents on the dollar. We expect the great benefits to be conferred on the country by the building of the road, to be sufficient inducement to all property owners and business men to aid the enterprise according to their ability. The contractors, A. J. Cook & Co., volunteer to give every purchaser of stock their obligation to redeem the stock, within two years, by prepayment of the sum, in coin, originally paid for the same.

There are 4,000,000 of acres of excellent land in the Willamette, Umpqua and Rogue River valleys, besides the region bordering on them, whose timber and mineral wealth are to be affected by the construction of the Oregon Central Railroad. These valleys and timbered and mining lands are capable of supporting a permanent population of two millions of souls, and the effect of the construction of the road would be, within five years, to add over $50,000,000 to the landed wealth of these three valleys, while incidentally it would introduce an era of progress that would in the same time double the value of every other material interest in this State.

The Willamette valley alone contains 3,000,000 acres of rich agricultural land. It is larger than the State of [illegible], and capable of sustaining a much larger [illegible]lation. The time will come when a million people will occupy it, when its valuable forests, coal fields, and rich [illegible] deposits, will be called into requisition, to add to our wealth, and make an enlarged industry profitable. Our streams will be lined with manufactories and an enlarged commerce will make this road a source of great wealth to Oregon in aiding to develop its resources. [illegible] able arrangements are made with capitalists at the East, but they demand that the people of Oregon shall themselves take an interest in the enterprise, and lend it a reasonable amount of aid; and as we have already mentioned, the contractors, A. J. Cook & Co., are willing to give every [illegible] of stock a written guarantee to redeem the same in two years' time, if the holder thereof desires. The question will naturally arise in every mind 'Why do we get non-assessable stock issued to us by paying ten cents on the dollar?' that is to say, why do we receive a certificate that we have fully paid for a share of the common stock, calling on its face for one hundred dollars, by paying one-tenth of that sum? The answer is very simple and plain. The Company has borrowed nine-tenths of the cost of the road at the East, and each share of the common stock, or the property of the company which it represents, is therefore mortgaged for nine-[illegible] of its value. The stockholder therefore buys it subject to the mortgage, and there is only ten dollars due [illegible], or in other words there is a credit of ninety dollars on each share, represented by the bonds the company [illegible], and the stockholder purchases, knowing that the stock is pledged for 90 per cent. of its value, and for 7 per cent. interest per annum thereon."

The rest of the address seems to be mostly devoted to a controversy with the managers (or a part of them) of the west side Railroad Co.

MATTERS AT THE DALLES.—We clip the following items from the *Mountaineer* of Saturday: The little son of D. H. [illegible]son, Esq., of this city, after a lingering illness of over a year, died on Thursday evening.... The Woolen Mill is assuming quite a business appearance and is plainly visible from the O. S. N. Company's bridge. The building is enclosed and nearly covered. It is the intention to commence setting up the machinery week after next.... The two men, M. P. Pillsbury and W. H. [illegible], who were mentioned last week as having decamped from Canyon City with the intention of defrauding their creditors, were captured by Sheriff Shuster, of Rock[illegible], W. T., assisted by Mr. McKnight, at the Lower [illegible], and were taken to Vancouver and lodged in jail. It appears that no money was found on their persons.... We learn from Mr. H. H. Wheeler, the driver of the Canyon City stage from this place, that the Indians fishing in the neighborhood of the DesChutes bridge say that the Snakes had made a raid on the Warm Spring Reservation lately, but with what result they did not learn. Mr. Wheeler says the road is in splendid condition and that all is quiet and that no more Indians have been seen for a long time.

U. S. DISTRICT COURT—DEADY, JUDGE.—Proceedings of Monday, 11th.

United States vs. one barrel distilled spirits, etc.; ordered that the Clerk make certified copies of the petition and finding of facts heretofore made in this cause, and forward the same to the Secretary of the Treasury.

United States vs. A. S. Mercer et al, nolle prosequi entered in this cause as to S. B. Parish, H. W. Rappelye, and George A. Ladd, and continuance as to A. S. Mercer and Frederick Sargent.

United States vs. one one-sixth cask brandy; upon application of claimant's attorney, they were allowed to withdraw their claim on payment of costs, decree of forfeiture entered and order for sale.

United States vs. two one-eighth casks brandy, same proceedings as in the above.

United States vs. Chas. Granger; sentenced to pay $10 and costs of suit.

United States vs. Dorrille Brown; order for continuance.

ONE LONE, ORPHAN TROUT.—Sewall, of the Western, went trout fishing day before yesterday. Sewall went prepared to bring home a bushel, more or less, of the little speckled beauties, and Sewall's boarders built very extensively in their imaginations on the prospects for a [illegible] treat of trout next morning. In the evening, however, Sewall returned home, very tired, very wet and with very a quiet, subdued air. Sewall tried to avoid his [illegible] ideas—strange conduct, for Sewall is a social fellow [illegible]. The boarders were not to be treated in that particular style. They flocked round him; in short, captured both Sewall and his basket. The latter they opened—and then such a laugh! The basket contained one little [illegible] trout. Sewall sloped. Sewall is averse to entering into any prolonged conversation on the subject of [illegible].

[illegible] FOR SAN FRANCISCO.—The steamship Con[illegible] will sail for San Francisco at 6 o'clock this morning. The following is the list of passengers booked for [illegible], at 7 o'clock last evening: J B Wyatt and wife, [illegible] Laughlin, Mrs Laughlin, B H Roach, J B Knapp, M [illegible]well, E H Law, B Griffin and wife, Wm A Bray[illegible], T H Starbuck, Orris Smith, D W Higgings, M A [illegible], J T Haskell, J C Braly, W T Shanahan, Henry [illegible], G Worthington, E Becker, H McEwan, O H [illegible], W L Quick, P Hawkins, H Salsbury, J Erskine, Geo. S Wright, Capt Wm Kohl, Col West, (W F & Co's messenger) and 9 others.

BET TAKEN—MORE MONEY READY.—After a vast amount of shuffling and various attempts at evasion, the parties [illegible] who advertised that they had $3,000 to bet on the election of Smith have reluctantly come down with [illegible] say. They didn't "hanker after" the bet, but as [illegible] made such a noise about the matter they couldn't [illegible] out of it. There is yet plenty of money here to bet [illegible], and no takers. The sporting fraternity who [illegible] Smith a few weeks ago, now have other use for their money. Some of them are said to be speculating in the wool crop, which the farmers are now about to [illegible].

[illegible] ON THE ROAD.—Mr. A. B. Brockford, of the firm of Brockford & Ewry, met with a severe accident on Sunday evening, while driving out on the McAdamized road. As he turned to one side to pass a team in advance of him, driving at considerable speed, the carriage [illegible] went into a deep rut, throwing Mr. B out and [illegible] his right leg between the ankle and knee. He held on to the reins, however, and was dragged some [illegible] before the horses could be checked. He was attended by Drs. Wilson and Glisan and, yesterday, was quite as comfortable as could be expected.

[illegible]NTMENTS BY THE GOVERNOR.—The following appointments were made between March 10th and May 1st. [illegible] Commissioners of Deeds for Oregon: Clarence M [illegible], New York; O. R. W. Lull, Chicago; Volney E [illegible], San Francisco; H. W. Barnes, Belmont, Nevada. Notaries Public for Oregon: A. M. Loryea, Portland; [illegible] W. Judy, Wasco Co; Samuel Hughes, Washington Co; A. P. Dennison, Portland; Almon Wheeler, [illegible]ville; Joel Ware, Eugene City; E. W. Reynolds, Baker City; A. L. Lovejoy, Portland.

LECTURE TO NIGHT.—Rev. Father Buchard will deliver a lecture at 8 o'clock this evening, at the Catholic church, on the subject of "The Unity of the Church." On the [illegible] of his recent lecture on the "Catholic Church and Common Sense," his audience was so large as to fill all the available sitting and standing room in the church. The Rev. Father has an extended reputation as a learned and interesting lecturer, and those who desire to hear him this evening must attend early if they wish to make sure of a seat.

PRODUCE YET ON HAND.—One of our large dealers in Oregon Produce gives in the following estimate of the flour and wheat yet on hand and to be shipped, prior to harvest: Of flour, 10,000 bbls, wheat 6,000 sacks of 100 pounds each. This is an outside estimate, based upon [illegible] information derived from the mills and interior [illegible]. The light receipts for the last few weeks, confirm the opinion that the great rush has passed for the [illegible].

UNPAID LETTERS.—The following letters are held at the P. Office for the pre-payment of postage: S. Durbin, Salem, Oregon; George Eagleton, Forest Grove, O.; Miss Kate Cawley, San Francisco, Cal; Mrs. Rev. A. S. Waller, [illegible], Oregon; A. Fellows, Victoria, V. I.; W. T. Walc[illegible], Victoria, V. I.; Dr. W. B. Royal, [illegible] burg, O.; A. B. [illegible], Walla Walla, W. T.; Miss A. Hinman, Astoria, O.; Miss Mary J. Brown, Clear Creek, Oregon.

[illegible] BENEFIT.—There will be a benefit for the Portland Fire Department at the circus on Wednesday evening. A splendid bill is offered for the occasion. Give them a good house. This will positively be the last performance as the company play at Oregon City Thursday night, en route for California. We bespeak for them a good reception from our neighbors up country. They are well deserving of patronage.

A LONG FOOT RACE.—We are informed that a foot race of four miles, to be run over the Union Course May 20th, has been agreed upon between the Shephard Boy, of San Francisco, and Michael Shea, for $200 a side, with proprietor's purse of $150, added. If either of the contestants run the four miles and catch his wind again, the [illegible] boy, he will earn the title of a bullier boy than the bully boy with the glass eye."

PERSONAL.—Hon. P. C. Sullivan and Judge Whitson of Polk county, who are in the city on various business, called on us yesterday. We learned last evening that Mr. S. Elsan will address our citizens on political topics at the Court House this (Tuesday) evening at 8 o'clock. He is an able speaker, and we feel assured that very many of the people of Portland will be glad of an opportunity to hear him.

RECORDER'S COURT.—A charge of assault with intent to commit a crime upon the person of a little girl, is pending before the Recorder, against a man named Wm. Martin. The plea of the accused, "not guilty," was entered [illegible] day, the witnesses for the prosecution were [illegible] until [illegible] day to enable the attendance of his witnesses.

WASHINGTON [illegible] PICNIC GROUNDS.—The committee of the Washington [illegible] who went down by the steamer [illegible] Sunday to select grounds for their picnic, fixed upon a beautiful spot on the farm of a Mr. Moore, about half a mile [illegible] the Oregon Salt Works, and on the [illegible] of the Island. The picnic is to be celebrated on the 20th inst.

ORIENT PRODUCE.—The following were the arrivals yesterday. Per *Senator*, 29 casks beans, 1,314 qr sks flour, 41 boxes apples and 1 case unspecified. Per *Wenat*, 603 qr sks flour. Per *Alert*, 168 gunnies bacon, 40 boxes butter and eggs, 1,240 sks flour, 21 hlf bbls butter and lard, 3 bbls unspecified, 56 sks oats, 79 sks wheat, 2 pkgs furs.

DALLES TELEGRAPH.—A telegram over the new Dalles line was received yesterday, announcing that the cable across the Columbia river was laid without accident, yesterday, at the Lower Cascades. The *Julia*, yesterday, started with a large load of cedar poles to be landed at the Cascades, and to be thence shipped up the river as needed.

UNION HALL SAFE.—A sufficient number of heavy stanchions were yesterday placed under the floor of Union Hall, to make it as secure as any floor could possible be. Several practical and experienced builders examined it and pronounced it strong enough to hold up more than four times as many people as could be packed in the hall.

FREIGHT FOR VICTORIA.—The steamship *Geo. S. Wright* sailed for Victoria at 6 o'clock last evening with the following freights: 20 hlf bbls dried apples, 46 sks middlings, 41 boxes apples, 1,600 qr sks flour, 3 cases and 4 hlf bbls [illegible] 60 gunnies bacon, 300 sks oats, 36 bags wheat, 3 beef cattle, and for Neah Bay, 550 pkges merchandise.

THIGH BROKEN BY A FALL.—Willie, a son of Mr. T. J. Trengrove, fell from the rafter of a wood shed, yesterday, and had his left thigh broken. He was engaged in taking down a swing, and fell a distance of about twenty feet. Dr. Giltner adjusted the fracture and at last accounts the boy was doing well.

VOTING PLACE.—During last week, the County Commissioners, in response to a petition from Engine Co., No. 2, to change the voting place for Washington precinct, made an order directing the Judges to open the polls and hold the election at the stables, southeast corner of Stark and Second Streets.

IN BANKRUPTCY.—Proceedings before the Register: In the matter of A. Langell; order continuing the cause two weeks for the purpose of supplying proof of notice for final hearing.

Jacob Greenwood filed his petition to be adjudged a bankrupt.

TO CONTRACTORS.—The attention of contractors is called to the fact that the plans and specifications for the Odd Fellows Hall at Oregon City, may be seen at the office of Mr. John Nestor, in Carter's block, where they will remain during the present week.

THE "CREVASSE" FILLED.—That break in Front street, in [illegible] Harrison, has been filled up at last, and now the south side people can pass into and out of the city without paying tribute to the "policy" of the Circumlocution Office. 'Tis well.

FAIR.—The Ladies' Fair for the benefit of the Congregation Beth Israel will open at Oro Fino Hall this afternoon. Of the decorations of the Hall, and the opening of the Fair, we shall speak to-morrow.

HEAVY DAMAGES CLAIMED.—It is stated that a suit for $50,000 damages was commenced yesterday by Mr. Heath of the firm of Mason & Co., against his physician, for malpractice.

TURNER'S MAY FEST.—The Turn Verein Society's Annual May Fest will be celebrated on the 24th inst., instead of the 31st, as was some time since stated.

PAXARATA.—Everybody knows Muller, the Original Paxarata. Well, as his advertisement will inform the reader, Paxarata is still on hand and as ready as ever to serve his customers in good style. By the way, he has on sale, a lot of the celebrated "Paxarata's Prepared Salad Dressing"—a compound which is universally pronounced the best salad sauce ever used. Call and see him, two doors south of Alder, on east side of First street.

TEETH EXTRACTED

AND PAIN MITIGATED

By Dr. Richardson's Apparatus, Lately Improved by Dr. Koehler, with Ether Spray.

WILLIAM KOEHLER,

DENTIST.

OFFICE AND RESIDENCE—Southwest corner Front and Yamhill Streets, opposite E. J. Northrup & Co's Hardware Store.

I am now making, amongst numerous other styles of ARTIFICIAL TEETH, the improved Vulcanite Plates of Dr. G. W. Cool's Patent, patented Dec. 3, 1867, the improvement of which consists in lining the entire concave surface with fine gold, it not only makes the plate double as strong and cleanlier than the common Vulcanite Plate. It also can by it be made considerably thinner and lighter, whereas the price is but little above that for common plates. Call and see specimens.

N. B.—Dentists wishing to secure the office right for Dr. G. W. Cool's Improved Vulcanite Plates can have it made out to them by applying to this office.

N. B.—To strangers I would say, that a constantly increasing Dental Practice for the last five years in this city, will be a sufficient guarantee for them to receive a First Class and Finished Piece of Work. Numerous testimonials to the same can be given at the office.

A THRILLING INCIDENT

In the mi[illegible] of Mrs. Ingalls, in Burmah, is well told in the "Baptist Messenger," relating how she was sent for to visit one of the Buddhist high priests, who had been nearly killed, and how, while in the most holy place in their temple, where none but the priests had ever before been admitted, she was permitted unrebuked to use for him the sacred vessels, which none but the high priest dare touch, and to even overturn and sit on one of their gods to rest, all through the magic influence of the Pain Killer, called by them the "God medicine," so successfully had she used it in curing their many diseases, some of them considered heretofore fatal in that climate, among which were cholera, liver complaint, dyspepsia, the bites of venomous reptiles, &c. This speaks volumes for the Pain Killer. —*London Times.*

Rev. J. E. Clough, Missionary at Ongole, Southern India, writes: "We rate our Pain Killer very highly for scorpion stings, cholera, &c., and cannot very well get along without it."

Rev. I. D. Colburn, Missionary at Tavoy, Burmah, writes, "I shall be happy to assist in extending a knowledge of a remedy so speedy and effectual." mldawlm

HOSTETTER'S

CELEBRATED STOMACH BITTERS!

A Pure and Powerful Tonic,

Corrective and Alterative, of wonderful efficacy in Diseases of the

STOMACH, LIVER AND BOWELS.

PROTECTIVE PROPERTIES.

Prevents Fever and Ague and Billious Remittent Fevers; Fortifies the System against Miasma and the evil effects of unwholesome water, invigorates the organs of digestion and the bowels,

Steadies the Nerves and tends to Prolong Life.

REMEDIAL PROPERTIES.

Cures Dyspepsia, Liver Complaint, Sick and Nervous Headache, General Debility, Nervousness, Depression of Spirits, Constipation, Colic, Intermittent Fevers, Sea Sickness, Cramps and Spasms, and all complaints of either sex arising from Bodily Weakness, whether inherent in the system or PRODUCED BY SPECIAL CAUSES.

NOTHING THAT IS NOT WHOLESOME, GENIAL, and restorative in its nature, enters into the composition of HOSTETTER'S STOMACH BITTERS. This popular preparation contains no mineral of any kind; no deadly botanical element; no fiery excitant, but is a combination of the extracts of rare balsamic herbs and plants, with the purest and mildest of all diffusive stimulants.

The weak stomach is rapidly invigorated, and the appetite restored by this Tonic, and hence it works wonders in cases of Dyspepsia, and in less confirmed forms of Indigestion. Acting as a gentle and painless aperient, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs.

Persons of feeble habit, liable to Nervous Attacks, Lowness of Spirits, and Fits of Languor, find prompt and permanent relief from the Bitters. The testimony on this point is conclusive, and from both sexes.

As a Genuine Tonic, HOSTETTER'S BITTERS produces effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay, and Debility and Decrepitude arising from old age, it exercises the electric influence. In the convalescent stages of all diseases it operates as a delightful invigorant. When the powers of nature are relaxed, it operates to re-enforce and re-establish them.

Last, but not least, it is the only safe stimulant, being manufactured from sound and innocuous materials, and entirely free from the acrid elements present more or less in all the ordinary tonics and stomachics of the day.

SOLD EVERYWHERE.

G. VENARD,

CHARTRES COFFEE!

Manufactory Established in June, 1851,

STEAM POWER, NOS. 625 AND 627 FRONT ST.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.

The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior product [illegible] for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.

NEWSPAPERARCHIVE®

Our Candidate.

[From the Oakland (Cal.) News.]

It may now be regarded as a fixed fact, beyond doubt or contradiction, that General Grant is to be the Republican candidate for the Presidency. Two thirds of the States that will take a part in the election have held their State or district conventions and appointed delegates to the Chicago Convention, who are in favor of Grant. The clear probability now seems to be that he will receive the nomination with scarcely a dissenting voice. The choice will be in every way a wise one. Grant has been the chief instrument in the hands of Providence for the vindication of Republican principles. It was Grant who, as the representative of and chief executive agent of the friends of freedom and humanity, broke the backbone of the rebellion, saved the Union, and overthrew the abominable system of slavery. His name is a tower of strength, it will operate as a potent spell to rally under the Republican flag all those who were opposed to the abominable heresies of secession and disunion. The New York *Tribune*, which at one time looked coldly upon this nomination, has at last heartily endorsed it. "All previous or antecedent services," says the *Tribune*, "in organizing the party, or in vindicating or expounding its principles, paled and grew dim before the sublime necessity that God should raise up a man, upon whom the mighty burden of the nation's military struggle might be rolled in perfect trust that he would bear us on to victory." Grant has evinced something more than great military qualities. He has shown that he is possessed of judgment, prudence, moderation, administrative skill, and the rare faculty of managing great affairs wisely and well. He is not a partisan, or an extremist, or an impracticable ideologist. There is nothing fanatical in his composition. He is a plain, sensible, practical, right minded and patriotic citizen. He is something more than a great politician, something more than the leader and chief of a party. His services have been rendered to his country, and he will command the sympathies and the suffrages of all true patriots who are devoted to principles rather than to measures, and who love their country more than party or clique.

TWO CURRENTS OF ELECTRICITY ON ONE WIRE.—The Boston *Journal* says:

For the first time in the history of science the feat has been practically accomplished of sending two telegraphic dispatches at the same time, from opposite directions over one wire, on long distances. In Germany, in 1865, it was tried and failed; and again on the House line in 1850, between here and Springfield; and the proof of a failure, as a practical measure, is to be found in the fact that the inventions, in these cases, were never put in operation and use. It remained for J. B. Stearns, President of the Franklin telegraph lines, the former Superintendent of the fire alarm system in this city, to originate an instrument which accomplishes the desired object. One of his instruments is in Boston, at 112 State street, under the charge of James P. Upham, Superintendent of the line in this city; and the other in New York, under the care of the general Superintendent, J. ... Smith. The wire has been operated successfully with both instruments at the same time for a fortnight, fair weather and foul, and it has been found, as a fact, that they work better in bad weather than in good. A description of the instrument, or of its mode of operation would not be generally understood. Sufficient to say that it is doing all that was desired, and that it will prove of great value in the construction of new lines, making only a single wire necessary, and saving $60 or $70 a mile which would be required for a second wire. It will also [illegible] the actual working power of the existing companies.

A. T. Stewart on the Presidency—His Denial of Grant Denied.

(From the Wyandott (Ohio) Pioneer.)

Mr. A. T. Stewart is one of the original admirers and advocates of General U. S. Grant for the Presidency. A report has been industriously circulated by Democratic sheets that he had become displeased with Grant, and abandoned him. We called his attention to the matter, and received the following reply; which we lay before the public with pleasure:

New York, March 30, 1868.

Mr. P. Cppio—Dear Sir: Your favor of the 27th inst., covering an extract from the Allen county (Ohio) *Democrat* of the 26th inst., stating that I had abandoned the support of Gen. Grant for the Presidency, has been received.

With thanks for your kindness in drawing my attention to the article, permit me to say that it is wholly without foundation in fact.

So far from having withdrawn from General Grant's support, I am daily, as far as one individual can, exerting all honorable means to bring about his nomination and election; believing it to be the only effectual way of giving peace and prosperity to our present disunited Union.

Very truly yours, A. T. STEWART.

WHY THE COUNTRY WILL GO FOR GRANT.—The *New York* [illegible] clearly sets forth the reason why the country will go for General Grant for President: "Every day makes it more certain that he will be the candidate of the Republican party—and we are very much mistaken in our construction of public sentiment if the conviction is not every day growing stronger, with considerate and reflecting men out of the Republican party as well as in it, that his [illegible] to the Presidency affords the best, if not the only feasible, solution of the [illegible] questions of the political situation. [illegible] who most distinctly and emphatically [illegible] the policy of Congress, and who distrust the whole Radical theory of Reconstruction, and [illegible] the danger of so violent [illegible] as the advent of the Democracy to power would bring about. Such a victory would settle nothing; it would simply change the shape of the controversy and would prolong, and greatly embitter instead of ending it. General Grant, while in his support, as he would [illegible] of his Administration, the whole of the Republican party; and it seems certain that he [illegible] guidance, acting in harmony with his wise [illegible] and patriotic sentiments, and entertaining [illegible] of this mother [illegible] his aims [illegible] surmount all the difficulties [illegible] and give us the [illegible] the country has [illegible]."

The New York [illegible] in the following eloquent [illegible] what has become of the [illegible] New York gave to make Abraham Lincoln President:

[illegible] the hour of Virginia along the [illegible] the Rapahannock [illegible] Gaines' Mill, by Malvern Hill, by G. Notou, along the Antietam, by the heights of Fredericksburg, and of Gettysburg; in that blood-soaked Wilderness where our gallant Wadsworth gave his life to his country, and along the [illegible] lines of Cold Harbor where [illegible] fell at the head of his men. From the [illegible] the Potomac where Ellsworth was massacred to that the Louisiana eminence where Lewis [illegible] met his fate, the men whose votes decided that this should be a land not of Slavery but of Freedom, died in making good that verdict, until 13,789 was all the majority left us in 1866, after our soldiers had come home to enjoy the peace they had wrought. And that is just about the measure of our actual majority to-day, after offsetting the monstrous frauds in naturalization and in voting whereby we are inevitably defeated in this city.

THAD. STEVENS READY TO DIE NOW.—A Washington [illegible]

He uses [illegible] and is failing every day. He has [illegible] he will cheerfully die now. The [illegible] his hope and duty are full. He says whether the Senate convicts or not he is happy to know that the House of Representatives has [illegible] duty nobly, and he claims much credit for himself. He said a day or two ago that he should never cease to be thankful that he was not elected to the Senate in the place of Mr. Cowan, not that his old enmity to Cameron is over, but because he could never, in the Senate, have accomplished what he has in the House.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces and their broken down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends attend to those who are suffering with any of these horrible life-destroying maladies; see that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends to be careful of the many pretended doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self abuse. This solitary vice or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who, with bogus sworn-to certificates, dupe the unwary. Some of the self styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory, and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing, and may save you many regrets; for, as advertising physicians, in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER.

SHIPLEY'S PATENT PACIFIC

TURBINE WATER WHEEL!

OF WHICH THE ABOVE IS AN ILLUSTRATION, has FOUR SETS OF BUCKETS, AND USES THREE FOURTHS OF THE WATER TWICE.

The old high priced, unequalled and unrivalled wheel has been PLAYED OUT by a fair working trial made by Mr. H. Kelly, at his saw mill, and the public can see what he says as to the capacity of the two wheels in the following testimonial over his own signature.

MR. H. W. SHIPLEY—Sir: In reply to your inquiry as to how I like you Pacific Turbine Wheel, I have to say that I have used one ever since and three Leffel wheels—10, 11 and 15 inch diameters. When I substituted your 15 inch wheel for the 11 inch Leffel wheel, though unfinished, it worked the machinery like a top, using 52 ft of water per minute more than the 12 inch Leffell. At your request I subsequently took your wheel out that it might be finished, and then I put in a 15 inch Leffel, but it gave no better power than yours while it used 52 cubic feet more water, per minute. After some months, I replaced your wheel and am still using it with the most satisfactory results. I have subjected it to some severe tests. For instance, while running the circular saw in a log which squared 16 inches, I added the planer with a 9-inch knife, cutting from one-eighth to one-fourth of an inch depth, without in the least slacking the speed. After thorough tests of both wheels, I am satisfied that your wheel with gates one eighth of an inch open gives as much power as the Leffell with gates one-third open. At half gate your wheel gives double the power of the Leffel at half gate. At full gate, the power of yours exceeds that of the Leffel, by from ten to twelve per cent. At quarter gate, the Leffel holds no comparison with yours at quarter gate.

N. B. Mr. Shipley was not present at either of the trials of his wheel, he being sick at the first, and absent from the State at the second trial.

DR. J. C. YOUNG,

Medical and Surgical

INSTITUTE.

*** *CONSULTATION, IN ALL CASES, FREE.*

*** *CURES GUARANTEED, OR NO PAY REQUIRED.*

*** *IN ALL CASES WHERE CONFIDENCE IS REQUIRED THE UTMOST SECRESY MAINTAINED.*

The above rules, established by Dr. J. C. Young in 1850, and which have done so much to secure the reputation of this Institute, are still adhered to, affording those in need of medical aid, the certainty of cure and the utmost confidence.

There is nothing of so great importance to the sick as to know where to find a physician whose skill and humanity give assurance of proper and delicate treatment. The Doctor would respectfully call the attention of those of both sexes who are suffering or in trouble to the invariable success that has marked the career of the Institute in the seventeen years of its existence.

It is unnecessary in this connection to enumerate all the complaints treated at the Institute, but the Doctor feels it his duty to call especial attention to that terrible scourge,

SEMINAL WEAKNESS,

That is sapping with its insidiousness the very life of its victims; in the treatment and cure of which the Institute has earned so enviable a reputation.

READ! READ!

I am aware that by dwelling upon so uninviting a subject as the decay of manly vigor through the loss of the vital principle of life, the ignorant may asperse my motive; but the desire to point out to those who suffer, languish and decay, the true cause of their affliction, is too great an incentive to be forced into abeyance. How extended the terrible disease of Seminal Weakness is no one but the practical specialist who devotes his time to its treatment can tell, but its presence can be detected by the most inexperienced by noting the following symptoms. Weakness of the back and limbs, languishing feelings, loss of muscular power, nervousness, irritability, cold feet or hands, accompanied by hot head; symptoms of consumption, short breath, flushings of the face, aversion to society, confusion of the mind; loss of memory; nightly emissions; colorless, slight discharges upon the least excitement; trembling palpitation of the heart, irregular appetite, variable temper, etc.

YOUNG MAN, if you experience any of the various symptoms enumerated above, pause to consider. The present is the golden moment in which you may secure health and happiness. You may feel strong now, but if you have ever practiced the vice of self-abuse even in the STIONARY DEGREE, you have the seeds of weakness in your system, and their undermining influence will, sooner or later, dash the fair edifice of your strength to the ground, leaving you a helpless, abject being. It is not a disease that declares itself at once. Therein lies its great danger; for while the patient is being treated for some affection of the Heart, Lungs, Brain, or Digestive functions, he sinks into a general debility that soon adds him to the list of the victims of the terrible disorder, Seminal Weakness.

See in the best form and languishing steps, the poor victim of the fascinating vice! Mark the course of the destructive complaint in the hollow cheek and dull eye!

Drowsiness is one of the premonitory symptoms. At first it is easily shaken off, but it grows eventually into a great disinclination to pursue his regular business. The mind becomes apprehensive, and restless nights succeed days of depression.

It is the nature of the complaint to assume sudden changes that leave the poor victim but little hope of recovery. In a single instant it may wither your fond hopes and blast your honest aspirations.

Marriage is sought by a natural impulse as a hope of relief. This is an error of the first magnitude, for the system, unprepared for the exigencies of the occasion, suddenly fails, and he finds himself in a deplorable condition, from which there is but the slightest hope of recovery. Or if the marriage should result in offspring, they are puny, distorted, decrepid, and degenerate. This is applicable to both sexes, whether married or single, and to all times of life.

Do not delay if you feel any of the symptoms of the terrible complaint, or if your acts have been such as to lead to them, but by instant application secure to yourself the only hope of health and happiness. The Doctor uses no mercury or other deleterious drugs—cures, when taken in time, always guaranteed, and full and proper vigor restored.

The afflicted are assured of every confidence.

PERSONS AFFLICTED WITH VENEREAL.

During the seventeen years since the establishment the Institute, the number of cases of Venereal that have been treated, show a record unsurpassed by any hospital in the world, and the success that has invariably marked the course of treatment,

Without Mercury or other Deleterious Drugs,

Shows conclusively the use of them to be not only uncalled for, but actually dangerous, for it is a thoroughly established medical principle that those poisonous drugs, by entering the blood, ruin the constitution and destroy life.

The Doctor effects a cure in recent cases, in a few days, and finds no difficulty in curing those of long duration, without submitting the patient to such treatment as will draw upon him the slightest suspicion, or oblige him to neglect his business, whether in-doors or without. The diet need not be changed. Cures always guaranteed, or no pay required.

IMPORTANT TO FEMALES.

When a female is in trouble or afflicted with disease, and requires medical or surgical assistance, the inquiry should be, "Where is there a physician competent to administer relief, and whose respectable standing in society will recommend him to the confidence of the community?" The Doctor, understanding how imperatively necessary these requirements are, feels called upon to interpose, and by calling the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous or designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who can feel and sympathise with and befriend them in trouble, one in whose secrecy the utmost confidence can be placed—consultation by letter or otherwise, free. Cures guaranteed in all weakness and trouble incidental to the sex. Private apartments are provided, when desired, where can be had all the advantages of unremitted attention of the Doctor, and the most skillful and faithful nurses.

TO CORRESPONDENTS.—Persons, either male or female, residing in the interior, are often deterred from consulting the Doctor because they cannot spare the time, nor incur the expense of a visit to the city. To such he would say that a plain statement of the symptoms and information bearing upon the complaint, will enable him to prescribe for them so that they can be cured at home. None need have any false delicacy about writing, no matter what the nature of their complaint, as the communication will be seen by no one except the Doctor, and will be treated with the utmost confidence, and either be returned or destroyed.

Consultation Free.

BY virtue of a warrant issued out of the County Court of the State of Oregon, for the County of Multnomah, to me directed commanding me to levy upon the goods and chattels of the delinquent tax-payers named in the delinquent tax roll for the year 1867, thereto attached, and if none be found then upon the real property as set forth and described in said tax-list, or so much thereof as shall satisfy the amount of taxes so charged, together with costs and expenses. I have, this 1st day of May, 1868, for want of personal property, levied upon the following described pieces or parcels of land as set forth in said tax list, lying and being in Multnomah County, State of Oregon, known and described and assessed to the persons set forth, to wit:
